

# Special

These babyfoot tables are versions of our B60 and B90 models with different styles and decorations. They offer the same high quality and the same feel, but are designed for different settings or a different player experience.

The cabinet is made of premium solid and laminated beechwood. The carpentry joints are reinforced with steel hardware so they can stand up to anything. The game's mechanical and moving parts are made from hi-tech materials for better play.

## 2-Rod

The 2-rod foosball table is the smallest Bonzini model!

Its finish, colour combinations and player sensations are identical to the B60 and B90. It is available with or without a coin mechanism; both versions feature a central ball return on one side. It can be customized like the B60 and B90 ranges.

It is used during the training phases of competitions and fits neatly into small apartments or in play spaces or lounges in high-end hotels and restaurants.

### Cabinet

Available in a one-piece version (no coin mechanism) or split version (coin mechanism); premium solid beechwood, 100% premium beech laminated wood, polyurethane varnish

### Rods
