

## The **B90** with no coin mechanism - **the original babyfoot table**

This model is highly popular with individuals, companies and local governments. The B90 is a version of the B60 without the coin mechanism, produced using the same materials and processes. Unlike the B60, its one-piece cabinet does not open. The cabinet is made of premium solid and laminated beechwood. The carpentry joints are reinforced with steel elements so they can stand up to anything. The game's mechanical and moving parts are made from hi-tech materials for better play.

## **B90 D&P White leather-covered**

This B90 original is covered in white full-grain bullcalf leather. Leather designers and design makers Bruno Domeau and Philippe Pérès put their craftsmanship to work as they produced their 1st leather-covered Bonzini foosball table. Discover this table - a striking piece of contemporary furniture - with its full leather upholstery, black lacquered legs and interior walls, and chrome vs. brushed aluminium players. Contact us for other colour choices.
