

Special

These babyfoot tables are versions of our B60 and B90 models with different styles and decorations. They offer the same high quality and the same feel, but are designed for different settings or a different player experience.

The cabinet is made of premium solid and laminated beechwood. The carpentry joints are reinforced with steel hardware so they can stand up to anything. The game's mechanical and moving parts are made from hi-tech materials for better play.

3-Rod

The 3-rod foosball table is a slightly longer version of the 2-rod model.

It matches the finish, colour combinations and player sensations of the B60 and B90.

It is available with or without a coin mechanism; both versions feature a central ball return on one side. It can be customized like the B60 and B90 ranges.

It fits neatly into small apartments and is also used in play spaces or lounges in trendy, high-end venues such as hotels and restaurants.

Cabinet

One-piece, made of premium solid beechwood and 100% premium beech laminated wood
