

The **B60** with coin mechanism - **the original café babyfoot table**

The B60 is the original model found in most French cafés, hotels and restaurants since the 1960s.

The cabinet, which features a coin mechanism, is made of premium solid and laminated beechwood. The carpentry joints are reinforced with steel elements so they can stand up to anything. The game's mechanical and moving parts are made from hi-tech materials for better play.

The cabinet opens for access to the coin mechanism, pitch and ball return. The opening is secured with a lock.

B60 White Lacquer

A shiny or matte white finish lends a contemporary touch to this elegant piece of furniture, equally at home in a living room and in the sleek, stylish setting of a trendy hotel. This is the classic café babyfoot table, with a coin mechanism and central ball return. This base of this professional foosball table can be opened for access to the coin box and a storage space. The B60 is the gold standard for foosball in municipal spaces, hotels and restaurants.
