

Special

These babyfoot tables are versions of our B60 and B90 models with different styles and decorations. They offer the same high quality and the same feel, but are designed for different settings or a different player experience.

The cabinet is made of premium solid and laminated beechwood. The carpentry joints are reinforced with steel hardware so they can stand up to anything. The game's mechanical and moving parts are made from hi-tech materials for better play.

Giant

This giant table football table is the world's largest, built in 1998 by Bonzini to celebrate the Football World Cup hosted by France.

It matches the finish, colour combinations and player sensations of the B90. Two teams of 11 players - a full football team one each side - can face off across this model, which is popular with communications and event planning agencies.

It can be customized like the B90 range.

Cabinet

In 2 pieces, each 3.80 m, no coin mechanism, made of premium solid beechwood and 100% premium beech laminated wood, polyurethane varnish

Varnish

Polyurethane

Ball return
