

Description

Home, sweet home.

The leo_pro home contains the passion inside that you only know from tournaments. Close to the style of the official itsf- and dtfb-certified tournament and training tables the leo_pro home convinces with inimitable feel of playing, scoring and winning.

Win with greatest ease.

Your home is your castle. Professional football is where you want it to. Through training with the leo_pro home the next match will be a simple matter for you. Just like the act of stowing it away: With only 65 kilos nothing is blocked, neither your success nor your flexible space utilization.

Practical(ly) unbeatable.

With just few simple movements the legs are unrigged and the table can easily be stored. Doubt because of little space? No reason to – with the leo_pro home, the perfect tournament training table.
